Program Details

In a world where mental well-being and human behavior are increasingly prioritized, psychology stands at the forefront of positive change. Conley University's Bachelor of Arts in Psychology provides you with a comprehensive foundation in psychological theory, research, and practice—empowering you to make a real difference in people's lives.

Explore the Science of Human Behavior

Our program is ideal for students who are curious about the mind, passionate about helping others, and eager to explore the complexities of human thought and emotion.

As a student in this program, you will:

- Study key psychological theories and approaches to behavior and cognition.
- Gain insight into mental health, development, and social dynamics.
- Develop critical thinking, research, and communication skills essential for diverse career paths.
